## Reports/Queries

Queries and Reports menu options are valuable tools used to obtain important information that will help you manage your cases.

This section will cover running the more common reports. You should explore the other options available to take full advantage of the reporting capabilities within CM/ECF.

Please note that to access either the Reports or Queries sections, you will need to login to the PACER system. You will be charged the going PACER rate. More information on cost and acquiring a PACER account can be obtained from the court's web site at www.utb.uscourts.gov

This chapter will cover:

- Cases Report
- Docket Reports
- Queries

### Query Menu

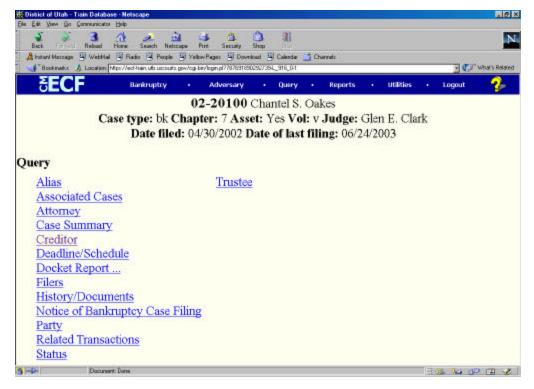

Figure 1

Figure 1 shows the information available under the <u>Query</u> menu option. You will notice that some of the items under Query are also available under Reports.

### Reports Menu

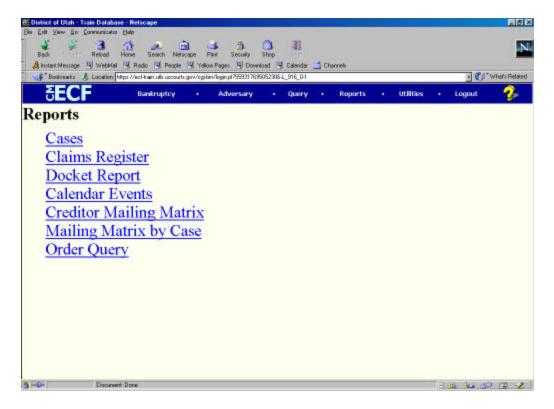

Figure 2

Figure 2 displays the screen you will see under the <u>Reports</u> menu. If you wish to run a matrix for noticing purposes, you will want to select the Mailing Matrix by Case category under Reports. The Creditor option under Queries only lists creditors not parties.

8.1

### Cases Report

The cases report presents information from the court's database with a variety of selection criteria for case management and tracking.

- STEP 1 Click on the Reports hyperlink on the blue bar. Click on the Cases hyperlink. This will bring up the PACER login. Enter your PACER login information and click on the [Login] button.
- STEP 2 With the Cases Report screen up (see figure 3), select the fields that you want to use to generate your report. Click on the [Run Report] button to generate your case report.

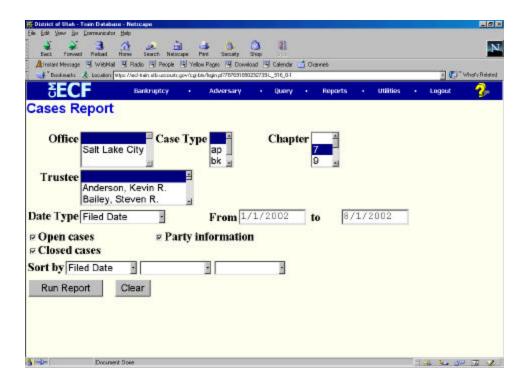

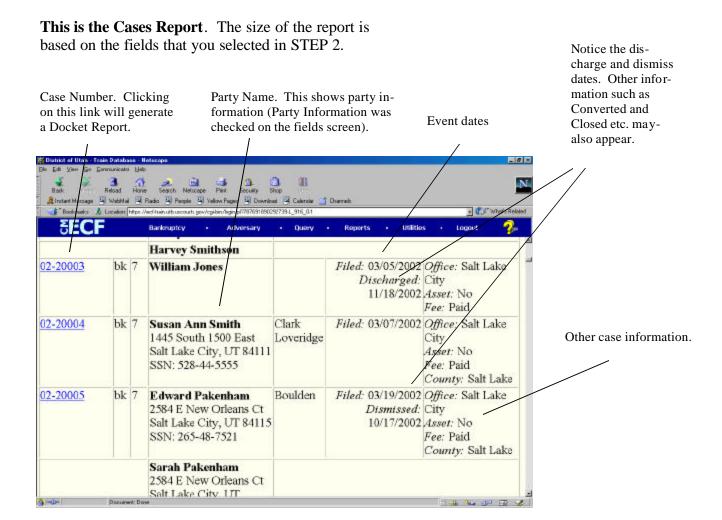

Figure 3

#### **Report Fields**

- Case Type: ap—adversary proceeding or bk—bankruptcy. Default is all types.
- Chapter: 7, 9, 11, 12, 13 or 304. Default is all chapters.
- **Trustees**: Default is **all** trustees.
- **Date Type**: Filed, Entered, Discharged, Dismissed, Closed, Converted. Default is **Filed Date**.
- **From/to**: Enter a beginning and/or ending date. For a single day's activity, enter that date into both fields.
- Open Cases: show open cases. Default is Open Cases.
- Closed Cases: to include or exclude closed cases. Default is no closed cases.
- Party Information: check this box to show party name, address, SSN and Tax ID
- **Sort by**: select up to three sorting orders—Filed Date, Entered Date, Case Number, Case Type, or Office. Default is **Filed Date**.

8.2

### Docket Report

The Docket Report, also known as a Docket Sheet, lists all the events that occur to a particular case. From the ECF Docket Report, you can access the documents that created those events.

As with the Cases Report, the Docket Report is under the Reports hyperlink.

- STEP 1 Click on the Reports hyperlink on the blue bar. Click on the Docket Reports hyperlink. Enter your PACER login information and click on the [Login] button.
- With the Docket Report screen up (see figure 4), select the fields that you want to use to generate you report. Click on the [Run Report] button to generate your docket report.

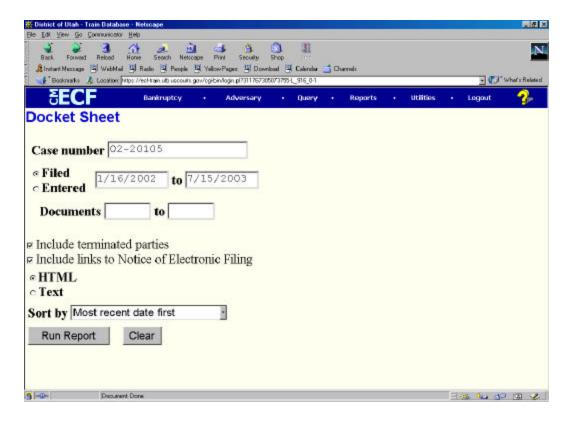

Figure 4

#### **Report Fields**

**Case Number**: since you are looking at a specific case, you need to enter a case number (using the standard YY-NNNNN format). This is a required field.

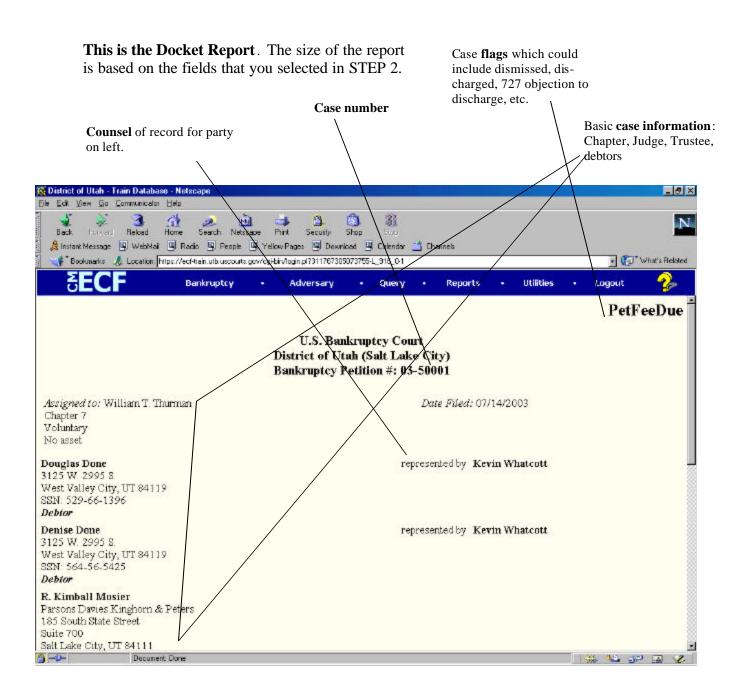

**Entered/Filed:** To limit which entries are shown by date, select either "Entered" (when the entry was recorded by the court in CM/ECF) or Filed (when the document was filed). Enter the start and stop date in the format MM/DD/YY or MM/DD/YYYY.

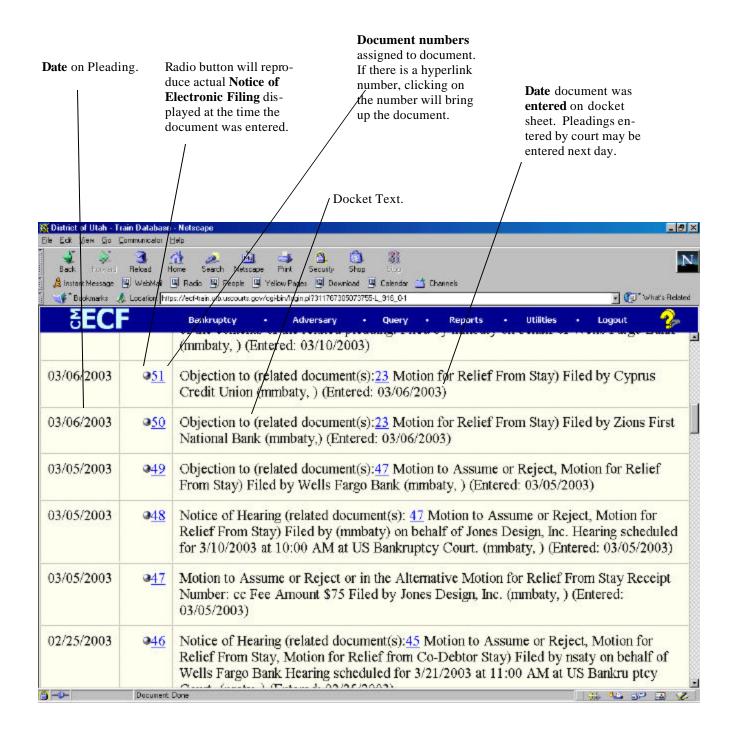

**Documents**: limit entries by document number, enter the beginning and ending numbers.

**Include terminated parties**: include any parties that have been terminated from the case. Uncheck the box to show only current parties in the case.

**Include links to Notice of Electronic Filing**: Notice provided at the end of each docket entry.

**Sort by**: This selection allows you to sort the entries in the report by "oldest date first" or "Most recent date first". This can also affect the number of pages and PACER charges if you are interested only in the most current activity.

# 8.3

### Query

The query feature provides a number of options to query the District of Utah database for case information on a particular case including case number, associated adversary cases, attorneys, deadlines, docket report, etc. These query reports are printable.

- STEP 1 Click on the Query hyperlink on the blue bar. Enter your PACER login information and click on the [Login] button.
- STEP 2 With the Query Search screen up (see figure 5), enter your desired search information into the fields that you want to use to generate you query. Click on the [Run Query] but ton.

The search by name is case sensitive. Refer to section **4.1: Searching for a Party** for searching tips and rules.

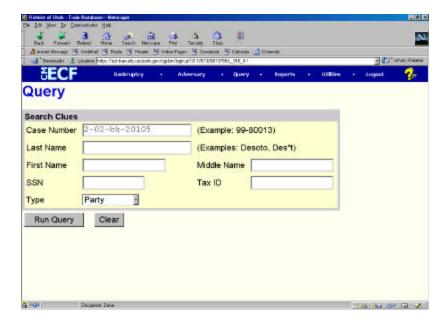

Figure 5

#### **Query Events**

#### Aliases

Lists all aliases for all parties related to the case.

#### **Associated Cases**

All cases associated with this case, usually Adversary cases.

#### **Attorneys**

All attorneys associated with this case.

#### **Case Summary**

Displays a summary of events for the case, including dates, flags, pending status, attorney.

#### Creditors

A Creditor Type selection screen will be displayed, choose from: Creditors, Administrative, 20 Largest Unsecured Creditors, Limited Notice, and Notice of Appearance. Or you can select nothing and get the whole listing. For a Mailing matrix select Mailing Matrix by Case under Reports.

After running this Query, you will get a listing of **creditors** according to your selected creditor type.

#### **Deadlines/Schedule**

A Deadlines/Hearing sort query screen is displayed. You can sort by: **Document Number, Deadline/Hearing, Filed, Due/Set** (default), **Satisfied**, and **Terminated**, in three fields. The query will be performed on your first sort setting, and then by the next sort setting through the three sorts, if you set that many.

For a **Mailing matrix** for noticing purposes select Mailing Matrix by Case under Reports. Click on the [Run Query] button to bring up the Deadlines and Hearings report (see figure 6).

Clicking on a "silver bullet" will bring up the Docket Information and Related Docket Entries screen.

#### **Docket Report**

See section **8.2: Docket Reports** 

#### **Filers**

Shows all the filers for this case. Clicking on a filer hyperlink will bring up a listing of all the documents filed by that filer. Clicking on a silver bullet will bring up the Docket Information and Related Docket Entries screen.

#### **History/Documents**

A search screen is displayed, allowing you to select All events (which is a history), or just events with documents. You also have the option of displaying docket text (a longer result page). You can sort by **Oldest date first** or **Most recent date first**.

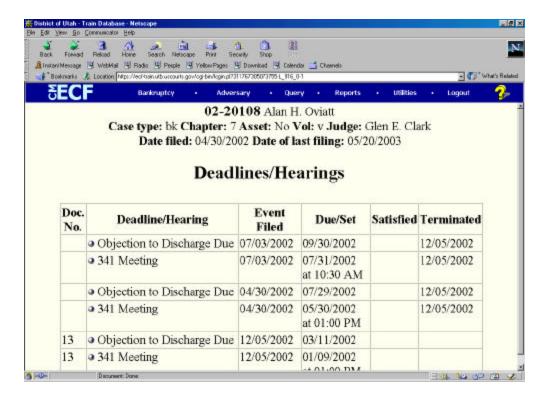

Figure 6

Clicking the [Run Query] button will return the History/Document results page. If you accepted the default setting, you will get a case history with silver bullets. Clicking on a silver bullet will display the docket text for that filing. Clicking on a hyperlinked number will display the document for that event.

If you opted to display docket text on the search screen, the silver bullets will not be displayed on the results screen.

#### **Notice of Bankruptcy Case Filing**

This is a copy of the Electronic Notice of Case Filing, which was generated when the case was opened.

#### **Parties**

Displays all parties associated with the case, along with addresses and party roles, and who they are represented by.

#### **Related Transactions**

A query search screen allows you to search for related transactions by a **Filed** date range, **Documents** number range, **Document type** and **Document subtype** (motions, orders, pending, terminated). The query can be sorted by **Filed Date**, **Entered Date**, and **Document Number**.

Clicking on the [Run Query] button will return the related transactions report. This is a listing of transaction that relate or refer to each other, such as motions and objections to those motions.

Clicking on the silver bullet will display the Docket Information and Related Docket Entries screen.

#### **Status**

This will display all events that are awaiting an action. Clicking on the silver bullet will display the Docket Information and Related Docket Entries screen.

#### Trustee

Displays the trustee assigned to the case.
